Predictions Came True

World Bank slashes China growth forecasts

Challenging times ahead for China. The country may witness slump in the economy which will affect its international trades and thus boost the inflation across the world. Internally China will have to face the threat from another variant of virus.

China's economy weakens and signs point to more strain ahead

NEW DELHI: China's factory and services activity weakened in October, with signs that the country could worsen in the coming months as the government seeks to curb exports that have disrupted activity across the world's second-largest economy.

Conservative update: China's Covid Surge could spark a dangerous new variant that infects the world

BEIJING: The outbreak of Covid 19 that's taking hold across China has been identified as a dangerous new virus variant could emerge for the first time in more than a year and it is expected to spread to other countries.

2023

Universal Year 7

- What I do see is a lot of Spiritual awakenings
- This Universal SEven year will be a year of SE-If reflection
- 2022 was the year to Strengthen our Body
- 2023 Will be the year to Strengthen our Soul.
- The number for physical immortality, everlasting life and eternal youth.

Rahu initiates and Ketu accelerates and this is what we can expect for Covid which started in 2020 and will witness its outcome in 2023. The severity or after effects of Covid could be witnessed this year in the form of more n more symptoms like Skin disease, joint pain, weak nerves, spinal cord problem, problem in child birth, breathing problem, lungs infection, coughing, headache, cardiac arrest and high fever.

Caution:7 is the number of injury/sickness/bad health Year to pay close attention to our body and take care of our health

Energies of 2023

Water

High chances of Water getting polluted through chemicals, oil or toxic rain which will affect the supply of drinking water. Plastic bottled water/liquid can too create toxin which would be witnessed in coming time.

***Ladies please eat panipuri this year made with complete hygiene**

Packaged juices, milk, liquor or any kind of liquid to be used with utmost safety after checking its ingredients and expiry date. This year we should take care of our liquid intakes.

Special attention for all the non-veg and seafood lovers. Chances of mercury poisoning through seafood which will ultimately raise health alarm thus resulting in chelation therapy or chelators taken as pills/injection as in treatment.

Economy

This year we may witness two types of financial enforcement law by Govt. which may boost our investments and on another hand will curb our spending's. New policies on ATM withdrawals, Cash Transactions, Money laundering, Gold & Real estate investments are expected on a larger scale.

Another promising year for precious metals like Gold & Silver. We foresee new high this year. Silver seems strongest of all. Oil prices too can be witnessed on higher side which will increase the demand for Electric vehicles

Stock markets may face major turbulence this year worldwide which will take sometime to recover. A golden opportunity to invest in Indian markets at dips as long-term story seems very promising. Sectors to look upon are Food, Pharma, Fertilizers, Defence, Internet, App service providers and Mobile companies.

Business

Many recognised national and multinational companies across the globe will face tough challenge ahead and fewer such companies may file for Bankruptcy. Scams & Scandals will be major part of this year.

Import & Exports are expected to see a major boost this year which will help in strengthening/stabilising our currency.

Caution

Once again number 11 would play important role. Major incidents might take place on date or month of 11th or 29th . Special care to be taken on such dates while travelling through Air, Road or Water mode

Places located near coastal areas might witness Tsunami this year which may bring major destruction to such areas.

Crop failure in large scale can be an area of concern. Food scarcity will force public to opt for preservative food which ultimately would lead to health issues.

The war on Drugs brought in more drugs. And the war on terrorists created more terrorists. May be in 2023 we can have war on Farmers Markets.

Health & People

A year to maintain cordial relationship with your life partner. Separation chances seems high which can only be maintained through mutual understanding

isclaimer

This Year many School/Colleges/Institutions may make Yoga, Meditation compulsory and we may witness some changes in the syllabus where teachings of our Rishimuni's (Sanatan Dharma) will be included in the academic course.

Mass migration would be highest this year. People from one place/country will shift to other.

Climate

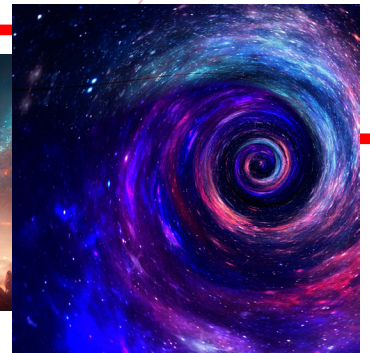

The climate attack will be global, prepare for it with food and natural remedies.

Hurricanes and Tornadoes can be witnessed this year under deep Ocean which may create warning near coastal areas

Quick Checks

Remember, the undertone energies for this year are very powerful. You will notice extreme results on either side

Same sex marriage will become the law in many places. Spurt in such cases would be at peak this year.

Another great year to witness new faces making record debut in Sports..

Monkey pox or disease which makes boils on skin can be a possibility this year

Special attention for countries like Canada, Australia and Japan on economic front or war like situation or mass destruction due to weather (natural disaster)

European markets may foresee weak economic conditions ahead.

Ayurvedic and naturopathy demand would increase in India and globally

**2
&
7**

Special attention for people born on or destiny with 2 or 7. Meditation / Yoga / Spiritual Enlightenment should be the key

SWanna see Zombies or Aliens this year ? Watchout.

"W"

will rule the world in
2023 – Guess what ??
